A CALCULATION NOTE FOR THIS PROJECT.

La Croix Valmer

On Boulevard Saint Raphaël, the Super U supermarket in La Croix Valmer has taken advantage of the renovation of its facade to install a glass facade.

LABASTERE opted for one of the fixed external sunbreakers to enhance the transparency and size of the shop and its associated infrastructure.

SADEV's motivation

SADEV supplied 68 sets of products, including R1003 seismic spherical bearings for 15.15.15 glazing, S3000 2-leg brackets and specific adjustment brackets.

An additional calculation note was produced for validation purposes.
